CALL FOR PAPERS

7-8 November 2013, Bucharest, Romania

6th International Conference on Energy and Environment

**Green and
smart energy**

■ Topics

Renewable Energies
Energy Efficiency
Smart Grids
Fossil Fuels Clean Technologies
Environmental Impact
Fluid Mechanics and Applications
Hydro-Power Engineering
Nuclear-Power Engineering
Power Systems

During the Conference five round-tables will be organized:

Clean Coal Technologies
The role of CFD applications in teaching fluid mechanics
Integration of stochastic energy in power systems
Passive houses
Smart Grids

■ Registration fee (EUR)

Early fee (until September 15, 2013): **150** EUR
Standard fee (from September 16 to October 1, 2013): **200** EUR
For young researchers under 35 years: **50** EUR

Registration fee includes: attendance, materials, lunch, breaks and evening Welcome Reception

■ To the authors

The working language of CIEM 2013 will be English.
The Full Paper can be submitted by e-mail to the address ciem2013.energ@gmail.com
Full Paper Submission Template can be found on the conference web page
<http://www.ciem2013.energ.pub.ro>
The best papers will be published in the Scientific Buletin of the University POLITEHNICA of Bucharest. This review is indexed in a wide range of international databases e.g. SCOPUS, ELSEVIER SCIENCESS BIBLIOGRAPHIC DATABASES, ULRICH.
During the conference generous space for companies, institutes and universities stands will be provided.

■ Important Dates

February 2013	Call for papers
30 June 2013	Full paper submission deadline
15 September 2013	Early fee registration deadline
15 October 2013	Final programme
7-8 November 2013	Conference sessions

■ International Conference on Energy and Environment

The International Conference on ENERGY and ENVIRONMENT (CIEM) is organised by the University POLITEHNICA of Bucharest, Institute for Studies and Power Engineering and WEC-Romanian National Committee in collaboration with the main Romanian companies, agencies and associations from the energy and environment sectors. The Conference is held under the auspices of Academy of Romanian Scientists.

The aims of CIEM is to respond to challenges in the rapidly developing fields of Power Engineering and Environmental Engineering, and to inspire both research studies and practical applications by promoting interaction among scientists from universities, research institutions, and industry.

Like the previous events, CIEM will provide an ideal venue for the development of new partnerships.

CIEM therefore invites companies, institutes and universities to present their services, products and/or literature at the Energy and Environment oriented Exhibition, which will be held simultaneously with the Conference. We look forward to welcoming you to Bucharest.
